《中文句樂步》教材能夠讓學習者快速進步，同時以語言作為獲取文化知識的平台。本書靈感源自著名的 Michel Thomas 教學法，學習者通過引導式翻譯，在有意義的句子中反覆運用單詞與漢字，實現最佳的重複練習與邏輯性排序。每個句子僅使用學生之前學過的詞彙或漢字，且所有漢字皆為常用字（高頻字）。本書還收錄了特別適合語言學習者使用的實用語言內容，並分享關於中文與中華文化、禮儀、哲學、歷史與傳統等的重要知識。

The Mandarin Chinese Sentence Building textbook enables learners to make rapid progress while using the language as a platform to gain cultural knowledge. Inspired by the famous Michel Thomas method, learners repeatedly use words and characters in meaningful sentences using guided translation with optimal repetition and logical sequencing. Each sentence only uses words or characters that students have previously learned and all the characters are commonly used (high-frequency). The book also includes language that is especially useful for language learners and shares vital knowledge about the Chinese language and culture, etiquette, philosophies, history and traditions.
